Welcome to the Neighborhood

Your membership request has been approved

Dear Neighbor,

Thank you for requesting membership at **The Villages Everything App**. I am delighted to welcome you — truly. You asked to join, I approved your request, and now the porch light is on for you.

This is the moderately ridiculous everything app for The Villages, Florida — a neighbor-built hub where you can find your village, rate a restaurant, chase live music, and still laugh about the plot twist of starting over here. Whimsical on purpose. Useful on accident. (Mostly on purpose.)

The public Hub stays free for everyone — Town Squares, Rec Centers, Dining, Calendar, Golf, Pickleball, Clubs, Forums, Yard Sale, Best of the Month, and our sister game, Golf Cart Hero. Phone browser works today; store apps are rolling out. Pull up a chair anytime.

A friendly nudge — not a sales pitch

Membership is optional. If you are happy waving from the porch, that is a perfectly honorable Villages lifestyle. If you would like a more personal lanai — your own weather, boards, household logins, and private tools — I hope you will take a gentle look at the plans below.

Approved neighbors can try Square Royalty free for 30 days — no card required. Poke around, see if the private boards feel like home, then keep a paid plan or go back to Porch Waver. Either way, you remain welcome.

What membership unlocks

Public Hub pages stay free. Membership simply unlocks your private My Space lanai. Each paid tier keeps everything below it, and extra household seats get their own login, password, and boards.

Plan	Yearly	What you get
Porch Waver	\$0	Free neighbor account — 1 login. Preview the Reboot boards. My Space door, favorites, shortcuts, and yard-sale posting when approved. Personalized tools stay behind the glass. I wave. You wave. That's the whole social contract.
Cart Path Regular	\$3	2 member logins, each with their own password and boards. Daily dashboard energy — full weather, investments, news prefs, and entertainment picks. Knows which gate is which (most days).
Lanai Legend	\$5	3 member logins. The private Reboot: health, pets, kitchen, gym, maintenance, personal calendar, private photos, golf and pickleball. Screened-in serenity with a side of spreadsheets.
Square Royalty	\$10	4 member logins. Everything on the lanai, plus the royalty lounge, badge flair, and early access to new My Space boards. Front row at the square. Metaphorically. Parking still chaos.

A few easy first steps

1. Sign in and open My Space — that is your private lanai.
2. Add the site to your phone's Home Screen so it feels like an app (Safari Share on iPhone; Chrome menu on Android).
3. Wander the Hub — rate a restaurant, peek at tonight's square, or take Golf Cart Hero for a lap.
4. If you want the full private boards, start the 30-day Square Royalty trial from the Plans page. No rush and no hard feelings if you stay a Porch Waver.

I built this place because I came here to reboot — loudly, sunnily, and with better snacks. The hub is just the map. You bringing your own story to it is what makes it a neighborhood.

Welcome home. Watch for the cart. Wave anyway.

Sincerely,

Jonathan Gilbert
